

Creative Intern (Gen AI)

INTERNSHIP · REMOTE · 2 MONTHS · ₹10,000–20,000/MONTH · API COST ON US

Own the visual output for Louis Polo: hero shots, ad creatives and lifestyle imagery, built with Gen AI tools and finished to a studio-grade standard. We are a small, fast-moving team and we ship at a fast pace.

WHAT YOU'LL DO

- Design hero images, ad creatives and campaign visuals for the brand
- Generate photorealistic product and lifestyle images with AI tools
- Edit and finish every piece to a premium, studio-quality standard
- Track new AI creative tools and bring the useful ones into our workflow

WHAT WE'RE LOOKING FOR

- Strong visual instinct and a sharp eye for premium, realistic imagery
- Extremely good at prompt writing, you can get exact, consistent results out of any AI tool
- Hands-on with AI image tools: Midjourney, Nano Banana Pro, Krea AI or FLUX
- Bonus: AI video (Runway, Veo, Kling) or Photoshop, Premiere Pro, After Effects, Figma

THE TASK (PART OF APPLYING)

1. Pick one product photo from our catalogue and download it
2. Generate a hero, lifestyle or ad image from it using any AI tool
3. Share the link to your result along with your application

How to apply

Apply with the task above, your portfolio (optional) and a note on why this role fits, at louispolo.in/careers. For other departments, write to socials@louispolo.in.

Expect a reply within 3–4 days, we are moving fast. Selection is on a rolling basis.
